📍 **Cairo, Egypt**   👤 **My portifolio**

SUMMARY

Motivated and detail-oriented **Full-Stack Developer** with expertise in designing and developing scalable web applications using modern technologies. Proficient in **MERN/MEAN Stack**, **JavaScript**, **React**, **Node.js**, and **MongoDB**. Passionate about continuous learning and delivering high-quality solutions that enhance user experiences and drive business outcomes. Strong problem-solving, teamwork, and communication skills.

EXPERIENCE

Software Engineering Fundamentals Trainee

Information Technology Institute (ITI)

📅 11/2023 - 03/2024   📍 Qena, Egypt

The Information Technology Institute (ITI) offers technology training and education.
- Mastered foundational software engineering principles and development best practices.
- Developed key projects emphasizing problem-solving and software design patterns.

MEARN full Stack Developer Trainee

Information Technology Institute (ITI)

📅 05/2024 - 10/2024   📍 Qena, Egypt

The Information Technology Institute (ITI) offers technology training and education.
- Designed and deployed full stack web applications utilizing MongoDB, Express.js, React js, and Node.js.
- Gained hands-on experience with real-world scenarios, delivering industry-standard solutions.

PROJECTS

Mostaqel Clone (Github 🔗 | Live Demo 🔗)

A full-stack freelancing platform built with modern web technologies.
- Developed a user-facing interface with Next.js and styled using Bootstrap for responsive design. 🔗
- Implemented robust server-side functionality using Node.js. 🔗
- Built an admin panel using Angular with intuitive management tools for site administrators. 🔗

E-commerce Node.js (Github 🔗)

A robust e-commerce platform built with Node js, offering seamless product management, user authentication, and secure payment processing. Designed to handle complex backend operations efficiently, ensuring a smooth shopping experience

Movie App (Github 🔗 | Live Demo 🔗)

A dynamic movie platform built with React.js.
- Built a dynamic movie platform for discovering and watching the latest films.
- Utilized Axios for API integration, Redux Toolkit and Context API for state management.

E-commerce vanilla JS   (Github 🔗)

A simple e-commerce website built using HTML, CSS, and JavaScript.
- Created a simple e-commerce website featuring product listings and a shopping cart.
- Designed for a smooth and responsive shopping experience.

Skills

Front-end
HTML, CSS, SASS, Bootstrap, Tailwind, JavaScript, ES, Typescript, Angular, React.JS, Redux, Zustand

Back-end
Node.JS, Express.JS, Nest.JS, Rest API, GraphQL

Database Management Systems
SQL, NoSQL, MongoDB

Version Control
Git, Github

STRENGTHS Skills

- Communication skills
- Critical thinking skills
- Time management
- Presentation skills
- Problem solving
- Teamwork

EDUCATION

Bachelor of Law
South Valley University

📅 10/2017 - 10/2021　📍 Egypt

LANGUAGES

- **Arabic** : Native
- **English** : Advances

Additional information

Military service : Completed.
